BENOW

About HBM & BENOW

Guilin HBM Health Protections, Inc. is located in Guilin, with nearly 1000 employees and a modern garden style factory covering an area of 85 acres.

The factory buildings are built according to GMP enterprise standards. The company focuses on being the leader of global health protective consumer goods. At present, the company has passed the ISO13485 quality system certification, ISO14001 environmental system certification.

BENOW is a condom brand owned by Guilin HBM which is established in 2001 for 22 years history.

Guilin HBM has more than 40 patents in condom industry and develops a variety of condom types. It leads the trend of Chinese condoms.

Since 2002, from the beginning of POUCH CONDOM, Guilin HBM develops more than 70 condom types, such as Night-light, female condom, finger condom, vibrating condom, water-based condom, G-spot condom, inner-dotted condom, tightened condom, full-sized condom, etc. BENOW condom is a creative and innovative series this year.

BENOW condoms are complying with ISO4074 standard. Each condom is 100% electronically tested, and passed all tests, such as water leakage, burst volume, burst pressure, aged, visible defects and packaging integrity. All test results must meet the International standards, otherwise can not be released.

Recently, BENOW series is expanding more condom types this year. Many new condoms can be expected on the market this year like graphene condom, intelligent condom, virus-proof condom and condoms with new materials like 001, 002.

Manufacturing Facilities

- High quality process
- Each condom has passed the electronic conductivity test
- Samples shall be subject to burst test and water permeability test to ensure that they will not penetrate.
